SUMMARY

I am an enthusiastic Fresher Frontend Developer with strong skills in HTML5, CSS3, and responsive design. I have built real-world projects like a coffee shop and retro cafeteria website, demonstrating my ability to create pixel-perfect, user-friendly interfaces. I am eager to grow in a dynamic development team and committed to enhancing user experience through effective maintenance of web pages

EXPERIENCE

Frontend Developer (Trainee)

Self-Projects & Bootcamps

Self-initiated projects and professional development through various bootcamps

- Built responsive websites like Café Delight and Coffee Shop using HTML5, CSS3, JavaScript and Bootstrap
- Completed LetsUpgrade Bootcamps in HTML & CSS, React and Git & GitHub, gaining hands-on experience
- Practiced version control with Git, mobile-first design with Flexbox and Grid, and focused on clean, user-friendly interfaces

PROJECTS

Café Delight

🔗 https://mounish-2025.github.io/Cafe_Delight/

A responsive, retro-themed cafeteria website

- Developed Café Delight, a fully responsive, retro-themed cafeteria website using HTML5 and CSS3 without frameworks
- Implemented features like mobile navigation toggle, CSS animation, interactive menu cards, and an image gallery
- Optimized for cross-device compatibility using media queries and semantic HTML

Coffee Shop

🔗 https://mounish-2025.github.io/Coffee_Shop/

A stylish, fully responsive Coffee Shop website

- Designed and developed a stylish, fully responsive Coffee Shop website with JavaScript-driven interactivity and animations
- Employed modern layout techniques like Flexbox and media queries to ensure mobile-first design
- Worked closely with designers to create maintainable code and enhance user experience with custom styling

EDUCATION

B.E. Mechanical Engineering

Sri Eshwar College of Engineering

📅 04/2021 - 04/2025   📍 Coimbatore

SKILLS

HTML5   CSS3   Bootstrap

TailwindCSS   JavaScript   React

Animation   Fast Learner   FlexBox

Git   GitHub   IoT   Java

Semantic HTML   Grid

Responsive Web   Media Embedding

Media Queries   DOM Manipulation

Event Handling

Functional Components

Collaborative Workflow

CERTIFICATION

HTML & CSS Bootcamp by LetsUpgrade

Gained hands-on experience in responsive web design

React Framework Bootcamp by LetsUpgrade

Gained practical experience in building interactive web applications

Git & GitHub Bootcamp by LetsUpgrade

Gained hands-on experience in version control and collaborative development

1st Position in Class (II-MECH)

Awarded for outstanding performance on LeetCode during the 2022-23 even semester

Presentation at ICETMSST 2023

Presented a paper on Automatic Medicine Dispensing Machine Using IoT

KEY ACHIEVEMENTS

🚀 **Automatic Medicine Dispensing Machine Using IoT**

Presented an innovative project on an Automatic Medicine Dispensing Machine, demonstrating knowledge of IoT and practical applications
